# Glovebox 6-Disc CD Changer

Suggested Retail Labor Time: **100**

Part No.	Description	Application
<b>3C0 057 110</b>	6-Disc CD Changer	Passat Sedan 06 ► 07
or	for vehicles without navigation	Passat Wagon 06 ► 07
<b>3C0 057 110A</b>		

**Note: also required for model year 2008 ► retrofit:**

CD changer cable	<b>1T0 051 592</b>
Mount for CD changer	<b>3C1 857 285 E FKZ</b>
Brake mechanism for CD changer	<b>3C1 858 635</b>
	<b>3C2 858 635</b>
Hinge pins	<b>3C0 857 169</b>

<b>000 051 444M</b>	Adapter Only for vehicles with navigation with aux button	Passat 06 ►
---------------------	---	-------------

- Adapter for connecting an external audio source to the navigation RN S2 DVD and RNS MFD DVD
- Not for vehicles that already have an aux jack installed

## Phone Console

Suggested Retail Labor Time: **50**

Part No.	Description	Application
3C1 051 601 01C	Telephone Console black	Passat Sedan 06 ►
		Passat Wagon 06 ►

- Attaches to the center console of the dash
- The Console is a mount for mobile cell phone, PDA or other personal electronics
- Molded and textured plastic
- Does not include any interface device to connect to electronics

## iPod Adapter

Suggested Retail Labor Time: 150

Part No.	Description	Application	
1K0 051 444	iPod Adapter	Passat Sedan	06 ►
		Passat Wagon	06 ►
		Eos	06 ►

This iPod adapter is intended to be connected to VW Original Radio/Radio Navigation Systems with a CD changer control system, and uses the same wiring connector positions as a CD Changer, Aux Jack, or USB Connector. It will fit both older 1-DIN devices and new generation devices with a Quadlock connection.

### Single input system.

If you fit this iPod Adapter to a standard VW Radio as a Dealer Installed Accessory, or as a Factory installed option, the CD Changer, Aux Jack, or USB connector will be non-functioning. It is not possible to connect and operate two audio devices.

### Multi input system.

Vehicles with Radio Navigation System equipped with CD Changers, Aux Jack or USB Connectors are not impacted by the installation of this iPod adapter.

The integrated radio CD/DVD player and the satellite receiver is NOT affected by the addition of the 1K0 051 444 iPod adapter.

See Accessory Circular **#059-08-06** for answers to Frequently Asked Questions about the use and applications of the iPod Adapter.

## Floor Mats – Passat

**Note:** The oval retention clip is changing to a round retention clip, starting with some 2007 model years. It is important to verify whether the vehicle in question has the oval retention clip, or the larger diameter new round style retention clip, which is a running change. Due to model year production dates, always confirm the retention clip configuration prior to sale.

Part No.	Description	Application

## Roller Blind, rear window

Part No.	Description	Application
<b>3C0 064 360</b>	Roller Blind for rear window	Passat 06 ▶ Sedan

- -Protects from strong sunlight and stops the interior warming up

## Snow Chains\*

Close Out

Part No.	Description	Application
<b>000 091 386D</b>	Snow chains (205/55R16 - 16"x6.5" ET 42 rim) or (205/50R17 - 17"x6" ET 45 rim)	Passat 06 ▶
<b>000 091 386D</b>	Snow chains (205/55R16 - 16"x6.5" ET 42 rim) or (205/50R17 - 17"x6" ET 45 rim)	Eos 07 ▶

- Special RUD snow chain. Easy and quick fitting to stationary vehicle possible. Special fine-linked chain. The spring steel shackle chain is pre-adjusted and always ready for fitting. TÜV tested. With fitting instructions 2 per set.

\*Check state, county, province and local laws prior to operating your vehicle with snow chains. Consult your Owner's Manual for information about the safe use of snow chains on your vehicle.

## Front End Cover

Suggested Retail Labor Time: **50**

Part No.	Description	Application	
<b>ZVW 193 118</b>	Front End Cover	Passat	06 ►
<b>ZVW 193 025</b>	Front End Cover 2 piece set complete	Eos	06 ►

**Not applicable for vehicles with front valance or headlight washer system.**

Designed for the protection of those finished front end surfaces most susceptible to damage from flying road debris. For user convenience, engine compartment opens without detachment of cover. Constructed for fitting to the vehicle with combinations of padded hi-flex metal tabs, coated hooks and elastics especially suitable for DIY installation, without drilling. Outline is provided for access opening front license plate. Vehicle logo-type embroidered in silver thread.

Made from premium grade materials to ensure optimum useful service life:

- High gloss vinyl of 14 oz./sq. yd. weight, UV and mildew resistant, with backing of 8 oz./sq. yd. polyester foss
- High tensile strength polyester binding used on all seams and edges
- All fasteners (tabs, hooks, elastics) enveloped and surface protected with non-corrosive covered/sheathing

**⚠ Note:** Requires regular maintenance. Read installation and care instructions carefully.

See Accessory Circular #**022-08-06 UCF** for additional information

## Car Cover

Part No.	Description	Application
<b>3C5 061 205 H</b>	Car Cover – "Stormshield" grey, with silk screened logo complete with storage bag	Passat Sedan 06 ▶
<b>1Q0 061 205 H</b>	Car Cover – "Stormshield" grey, with silk screened logo complete with storage bag	Eos 06 ▶

- High degree of moisture repellence and breathability
- Long life ultraviolet (UV) resistance
- Resistance to dust, acid rain, tree sap and other airborne particulate matter
- Light weight for easy installation and removal
- Custom mirror pockets
- Plastipane rear license plate window
- Double stitch seams for strength and long life
- Elasticized hems for fit and stability and tie-down grommets

### Important Notes

Do not use a cover on a vehicle which has been repainted within the last 6 months.

If your vehicle has delicate paint, such as lacquer, exercise caution. Some repainted vehicles are not painted properly and may blister.

If there is excessive wind and your cover is flapping against your vehicle, remove the cover.

Do not cover a vehicle while it is being towed.

If a haze appears on your windows after covering your vehicle, it is caused by airborne pollution. Wash your cover.

### Troubleshooting

The main problems people encounter with their cover is residual thread or lint left on the vehicle after covering it.

This is just excess material left over from the manufacturing process, and will stop after the first two weeks of use.

See Accessory Circular #027-08-06 UCF for additional information

### ZVW 400 110 Cover Cable and Lock set

The nonscratching plastic coated cable slides through the special sewn-in grommets, and the lock keeps the cover secured to the vehicle.

## Roof Carrier System - Carrier Bars

Part No.	Description	Application
<b>3C0 071 126</b>	Carrier Bars, Basic lockable set of 2 cross bars complete with mounting instructions and hardware	Passat Sedan 06 ►
<b>3C9 071 151 666</b>	Carrier Bars, Basic	Passat Wagon 06 ►

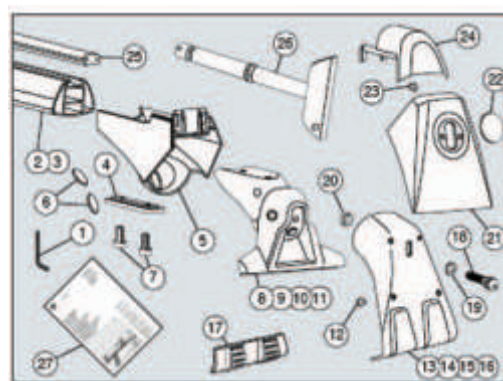

Two plastic-coated aerodynamic aluminum cross bars. Anodized aluminum section. Plastic supporting feet, cover caps and covers. Galvanized plastic coated steel plate. The lockable unit has built-in cylinder locks mounted into the full length end bracket covers.

Bar dimensions: 1350 x 180 x 270 mm / weight: 7.0 kg

**The maximum permissible roof load is 165 lbs/75 kg, evenly distributed. Consult your Owner's Manual for weight specifications.**

# Surfboard Holder

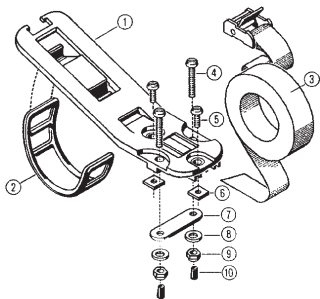

Part No.	Description	Application
445 071 127	Surfboard Holder Attachment	Fits All with Basic Carrier Bars

- 4 plastic holders which adapt to the shape of the surfboard
- For transporting of 1 or 2 surfboards with masts

Holder dimensions: 310 x 100 x 140 mm / weight: 1.84 kg

Single components – Surfboard attachment – 445 071 127

Key No.	Description	Part No.
2	Tensioning Rubber	445 071 737B
4	Hardware Kit	445 071 737C

Replaced by 000 071 120H

000 071 120H	Surfboard Holder Attachment	Fits All Carriers with T-slot profile
--------------	-----------------------------	---------------------------------------

The surfboard holder transports your surfboard safely to the destination. The surfboard and two masts are held in place by robust fastening fixtures. The rubber-coated surfboard supports and special rubber protection for metal clips on the retaining straps ensure the highest possible protection for your surfboard during transportation.

- Surfboard nose must point downwards in the direction of travel
  - Suitable for 1 surfboard and 2 masts only
- Includes:
- 2 Surfboard supports
  - 2 Retaining straps (275 cm each)
  - 2 Rubber caps
  - 4 Mast holders with retaining straps

## Splash Guards – Passat

**1Q0 075 701 Rear** Fastening kit

See Accessory Circular **#032-08-06-UCF** For Replacement Splash Guard Mounting Hardware Kits.

# Alloy Wheels

A note about our wheel and summer performance tire assemblies: Our high performance wheel and tire assemblies as well as some of the tires required for our larger diameter accessory alloy wheels are designed for optimum performance and handling in warm climates. They are not suitable for cold, snowy, or icy weather conditions. If the car is driven under those circumstances, the vehicle should be equipped with all-season or winter tires which offer better traction under those conditions. We suggest you use the recommended winter or all season tire specified for the vehicle or its equivalent. These high-performance tires also have a lower aspect ratio that aids performance and handling; however, in order to avoid tire, rim, or vehicle damage, it is important that the inflation pressure is regularly checked and maintained at recommended levels. Please also remember in making your selection that, while these tires deliver responsive handling, they may ride less comfortably and make more noise than other choices. Finally, these tires may wear more quickly than other choices. For further information on all these topics, please consult the vehicles owner's manual or call your facing Parts Distribution Center.

## Suspension Limiters – 18" wheels

Part No.	Description	Application
000 071 501	Suspension Limiters <b>Mandatory</b> for 18" Wheels (only)	Passat
or		Sedan 06 ►
000 071 501A		Wagon 06 ►
000 071 501A		Eos 06 ►

- This suspension limiter set is a mandatory stipulation when fitting 18 inch diameter wheels on vehicles not equipped with sport suspension from the factory.

## Lockable Wheel Bolts

000 071 597	Lockable Wheel Bolts set of 4, 2-Piece complete with matched key	Passat
		Sedan 06 ►
		Wagon 06 ►
		Eos 06 ►

Weight, shape and length correspond to the standard wheel bolts. Standard wheel bolts can still be used on all wheels. Not for use in conjunction with standard two-piece wheel bolts with loose spherical collar.

## Sunroof Air Deflector

Suggested Retail Labor Time: **50**

Part No.	Description	Application
<b>3C0 072 192 U</b>	Air Deflector – Sunroof kit complete with mounting hardware, gasket and instructions	Passat Sedan       06 ▶ Wagon      06 ▶

The WeatherTech® Sunroof Wind Deflector gives you an excellent reduction of in-cabin wind noise and air turbulence! It is crafted in Germany from the finest 4mm thick, tinted cast acrylic. Our sunroof deflector fits the sunroof opening precisely, and is held securely in place with the MagiClip vehicle specific fastening system. To protect your vehicle's finish, the unique AirCushion gasket seals the edge of the deflector. WeatherTech Sunroof Wind Deflector's sleek and sophisticated look is a great addition to any vehicle.

- One-piece molded tinted acrylic Plexiglas
- One bracket per side clamps into the sunroof opening
- Installation without drilling

## Front Bumper Hole Plugs

<b>ZVW 355 999</b>	Chrome or black plugs	Passat Eos	All
--------------------	-----------------------	---------------	-----

- For vehicles drilled for front license plates installation that subsequently won't require a front plate mount

## Body Kits

Part No.	Description	Application
<b>3C0 071 609 GRU</b>	Front Valance kit complete 1 piece (primed)	Passat Sedan 06 ► Wagon 06 ►

- Installation and painting instructions included
- Painting of body kit to body color required
- Ideal for custom paint or collision repair

**NOTE:** The adhesive needed to complete the assembly of these components is not included in the kit. Contact your local body shop supply firm to obtain the proper adhesive such as "DOW Betaseal 17042 Advanced Cure Urethane" or equivalent.

# Windstop

Part No.	Description	Application
1Q0 862 951D 03C	Windstop complete with attaching hardware, installation instructions	Eos 06 ► for vehicles not factory equipped

Relaxed open-top driving—and not only at 20 mph!

A touch of elegance in a classic design allowing you to race with the wind.

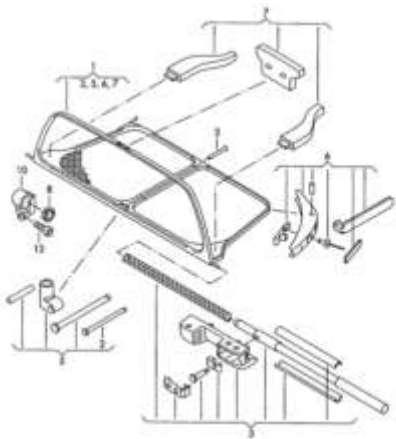

The Windstop is a precision-fitting unit designed to minimize annoying and unpleasant air turbulence, which reverberates around the windshield. Convertible fans, driving with the top down, can enjoy the unobstructed view in every direction.

The Windstop is made of black vinyl and mesh screen merging style, elegance and function while providing durability and practicability. The design and engineering of the unit allows for easy installation without any additional or permanent mounting, special tools or drilling, and does not have to be removed to put the top up. The unit can be removed and secured in the storage bag.

See Technical Bulletin **05-16-06, #2011897/1** for information about Locking Pins Breakage on the Wind Deflector.

## Park Distance Control

Suggested Retail Labor Time: **250**

Part No.	Description	Application
<b>3C0 054 630</b>	Backup warning 4 sensors, acoustic warning function	Passat
or		Sedan 06 ►
<b>000 054 630A</b>		Wagon 06 ►

The park distance control, with 4 sensors and acoustic warning function provides additional safety when parking. This park distance control is easy to install and effectively helps avoid unsightly damage to the bumpers when reversing. A short sound emitted when reverse gear is engaged indicates that the system is active. The closer the vehicle comes to the obstacle, the more frequently the signal is emitted. The microprocessor-controlled park distance control function is automatically activated when reverse gear is selected and checks for errors using the self diagnostic function. Sensors can be painted so they blend unobtrusively into the overall vehicle image. Electrical connection to the reversing light is easy requiring no routing of cables to the front of the vehicle.

The park distance control function has an intelligent set-up function. For example, rigid towing hitches are not incorrectly detected as obstacles.

- Complete with control unit, four sensors, sound source, connection cables, fitting material, fitting and operating instructions.

# Sport Springs

Part No.	Description	Application	Engine	Transmission
<b>3C0 071 678</b>	Sport Suspension Spring kit complete	Passat Sedan	06 ▶ 2.0L	Manual
<b>3C0 071 679</b>			06 ▶ 2.0L	Auto
			06 ▶	

Not for vehicles equipped with factory lowered sport suspension

- Lowers the standard center of gravity of the vehicle without sacrificing comfort
- High dynamic load capacity
- Sporty look
- High quality corrosion protection

## All-in-One Bolt Installation Kit

<b>ZVW 269 007</b>	All-in-One Bolt Installation Kit with standard suspension only	Passat 06 ▶
--------------------	---	-------------

When installing Sport Spring Packages, some suspension fasteners are “Single Use”. This means that once removed from the vehicle they must be replaced with a new VW OEM fastener.

## Roof Box Carrier Attachment

Part No.	Description	Application
<b>000 071 200G UKR</b>	Roof Box Carrier Attachment Size: 84" L x 34.4" W x 16.9" H Weight: 44lbs.	Fits Passat Carriers with T-slot profile

Constructed using high impact, UV resistant ABS plastic with ridged base channeling to make a durable yet very lightweight box. The eye-catching design and styling features a lowered front and rear, with the base and the spoiler on the lid designed to enhance aerodynamic properties.

The one-key locking system features a user-friendly, padded key and readable decal. The locking system has a built-in safety feature which means the key can only be removed when box is fully closed. Three lock down points on each side of box - one central lock for each side.

- 18 sq. feet of storage space, enough room for snowboards, skis (modern shorter shape-skis only), watersport equipment, luggage and camping gear
- Dual-side opening allows you to access gear from either side of your vehicle
- Struts help lift the lid open and shut with ease
- Aerodynamic shape reduces wind drag and noise
- Quick Grip hardware mounts to crossbars quickly and easily
- One Key System (locks included) with two matching locks and two oversized padded keys
- Finished in Metallic Silver or Metallic Black (687B)
- Limited Lifetime Warranty provided by the manufacturer (Thule)
